Dear Mom,
We are having a wonderful time with Eric. His appt. is very nice + he will be quite comfortable in it. His kitchen is all set --- The weather is beautiful about 72° + no rain. Today we spent the day taking a trip along the coast + we are now at the Queen Mary. Wish you could be with us.
Love Heidi
I saw the Spruce Goose too. You wouldn't believe it! Call you when we get home. Love Me
TO WE HAVE START KEEPING IN TOUCH MORE OFTEN. I LOVE YOU A LOT, ERIC

QUEEN MARY — THE SPRUCE GOOSE
Long Beach, California

Entrance to the Queen Mary, the largest passenger ocean liner afloat and the Spruce Goose, the largest plane ever built. The Queen Mary presented to the world a standard of craftsmanship unequalled in shipbuilding history. The Spruce Goose under wraps since November 2, 1947 is now housed under the biggest freestanding aluminum dome in the world. Londontown, a charming English-style village completes this scene.
